THE TIMES.

FARMVILLE.

The gay season has come and gone, and the girls have grown accustomed to it and here we are well on into new year. March into the first month of 1908, and really the days are very much alike to the old year. We write a little of it and that is about the only change. None of us are much colder as yet, and not much warmer. We are still busy at work and rest, hungry and happy as we were doing all through 1907 and no doubt we will so continue to the end, and "the world, its cares and strife" will be forgotten. Yes indeed, and if there was no other to follow. The eternal now is crowded with ever increasing interest.

Farmville is to have in it made here from time to time to interest keep it active operation a T. M. C. A. but somehow all efforts result in failure. Out like of our churches the Masonic fraternity is our one living material institution. We have some enthusiasm in this, but no even order. Their membership is maintained at Lynchburg.

Under the operation of the eight hour system railroad men look fresher and better and evidently enjoy the change.

The pure food law must be all right as it is improved with the fact that the articles we buy from our stores are only recommended by the label they bear. It may be, however, that the is six like the Congress of Washington, "you can tell a lie, at any rate we call it lady and grow fat."

The Tidewater and Western is introduced with passenger travel but is hauling lumber in paying quantities. The old field pine of South side defies statistics.

The mountain road between Hampden and Hampden-Sidney is being well-cared for. To neglect it would be criminal.

Our veteran gardener, Mr. Paul Venable, will soon be in the market with spr at truck.

Mr. Thomas Edmundy has recently bought a portion of the Hope farm is having it surveyed into small sections. It will be an ideal place for truck farming.

The Farmville Manufacturing Company is busy making pipes, handles and every thing from leaf leaves down to means a saving but of new money for local circulation. It would be interesting to know just how much of money has been paid out to our farmers in connection with this industry and how much it has brought to us. Mr. G. H. Robertson, who is the control ar spirit of the enterprise is one of our most enterprising citizens.

I was well right shocked the other day to find a drummer on our streets with evening clothes. A large number of our people are not yet done buying winter suits and to have the spring attire picked at them is mockery. The age is short, let it stop time we were calling a halt. The March magazine might be expected for March weather and spring attire until the birds begin to sing.

We can't from a private letter from Miss Whiting of the Normal faculty will not resume her work with the beginning of the February term. Her physician has not been rendered us her friends a part it would have been.

Farmville representing a large number of summer in North Carolina have recently been in our county looking for timber. I am advised they are in the market for large bodies.

I never knew more interest taken in the Sunday school work of the church or in the mission of the town that is being manifested at present. Old and young alike make up the classes and many of our members are married it the truths of the Bible and know well how to teach them.

Dr. Potts, once the popular pastor of the Baptist church of here, preached the funeral of the late Governor Jackson, of Maryland. The Governor was a great admirer of the gifted orator and at his request Dr. Potts left for him a handsome church and supported it liberally.

My best wishes for the TIMES during the coming year.

Glad It Did So Much Good.

Some remarkable stories are being told about town and among the druggists, this time, it is that a simple home-made mixture curing rheumatism is a mighty trouble. Here is the recipe, full directions for taking. Mix by shaking well in a bottle 3-ounces Fluid Extract Sarsaparilla, one ounce Compound Syrup Sarsaparilla. Take a tablespoonful after each meal and at bed time.

Any druggist in this neighborhood can supply the ingredients which are easily mixed at home. There is no need to suffer blood-cleansing agent or stimulating kidney, and certainly hope more than this simple one.

Most people know that if they have been sick they need *Scott's Emulsion* to bring back health and strength.

But the strongest point about *Scott's Emulsion* is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drugs and no alcohol.

DO YOU GET UP WITH A LAME BACK?
Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. David Kennedy's Favorite Remedy, Kidney's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderful-ly successful in promptly curing backache, kidney, liver, bladder and every form of kidney trouble.

If you need a medicine you should have the best. Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so wonderfully successful in curing even the most distressing cases, that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling all about it, including many of the thousands of testimonials received from sufferers cured. In writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y.

Dr. Kilmer's Swamp-Root is for sale by all good druggists. Don't make a mistake, remember the name, Dr. Kilmer's Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

When the Sun Shines Out.

How filled with beauty seems the earth
When the sun shines out.
All nature has a brighter birth
When the sun shines out.
The sky is fair and tinged with blue,
The flowers take on a beauteous hue,
And hearts are joyous, bright and true
When the sun shines out.

The hours and days go slowly by
When the rain comes down.
We gaze upon a threat'ning sky
When the rain comes down,
And though we know that soon or late
It's dark'ning and obscures the hue
Of flowers. 'Tis sad for me—for you—
When the rain comes down.

The grass begins to peep in view
When the sun comes out.
The leaves are gayly bathed in dew
When the sun comes out.
When life is at its happiest
We see the earth with beauty tiest,
The air, so pure, is whispering "rest."
When the sun comes out.

Let's look beyond the darksome day
When the rain comes down,
When clouds will all have rolled away,
When the rain comes down,
Think of the time when life is briefst,
We'll bask in joyous, glad sunlight,
When brightest day o'ercomes the night
The rain will not come down.

Buckingham.

The Board of Supervisors met in Mr. W. J. Hubbard's room at the Spencer House on the 2nd Monday, (13th). Mr. Hubard has been sick since Christmas and was not well enough to attend the meeting if held in the court house, hence the meeting at his boarding house. Mr. Beverly T. Moss having resigned the place as deputy clerk, Mr. Joe Elcan, a younger son of Commissioner Elcan is acting as Mr. Hubards deputy.

The Board of Supervisors ordered that three bonds of $1000 each be issued to the Roanoke Bridge Company, this $3,000 being the amount subscribed to this county towards building an iron bridge across James river at Scottsville.

Mr. W. Lee Patteson was authorized to buy such groceries as are needed for the poor under his charge, said groceries to be bought at wholesale prices.

The following resolutions were passed by the Board:

Resolved 1. That the Board of Supervisors of Buckingham county urge the Legislature now in session to appropriate for the improvement of the public roads of the State a sum equal to that appropriated for the support of the public schools of the State, to be paid out of the cash surplus in the State treasury.

Resolved 2nd. That this Board of Supervisors also urge upon the Legislature to grant to the Supervisors authority to allow a sum of money sufficient to defram the expences of such delegates as may be sent by the board of Supervisors to attend the annual meeting of the Virginia Supervisors.

The nefarious traffic in intoxicating liquors continues unabatable. A Justice of the Peace told me of several men who he was morally sure were selling the vile stuff and a Federal officer told me he had no doubt of its being sold regularly, but he said that no one would come forward and testify against the moonshiners I alluded to what is being sold as "wile stuff" and the men who drink it say it is vile indeed.

We will soon be watching to know what the ground hog does about his shadow—the winter has been mighty mild, but don't go too well depend on any snow. The worst snow storm I ever remember to have seen came in March.

I forgot to mention in its proper place that Mr. A. C. Wood was made Chairman of the Board of Supervisors, and also the fact that the two new members, Messrs Hanes and Spencer are likely to become very useful members on the Board. Indeed, I predict that Mr. Hanes will be in time looked upon as a safe-guard to the treasury and be showed in the first meeting just what was expected of him, to be conservative, yet watchful at every point where the interest of the county lay. There is not an old man on the Board as now constituted, the members are all democrats and a good set of men and we hope they may soon manage the affairs of the county as will redound to their credit and to the interest of those who are the tax-payers of the county.

Rev. Mr. Davis preached at the Baptist church here last Sunday and after making a short talk, telling his congregation that each Baptist church in Virginia had been asked to contribute to the raising of a fund of $500,000 for the support of Richmond College and to establish a woman's college and stating that each church under his charge had contributed as much or more than had been asked of them, he asked a contribution of $25 from this church which was promptly raised. The ladies of the village are still trying to raise money to fix the sidewalks They have some money on hand and will get more, and their efforts should be seconded heartily and practically by the men

Professor H. Biankership went to Farmville Sunday and will bring one of his sisters back with him on Tuesday the 22nd.

A negro man sent a telegram on Friday to get a lawyer to meet him at Glenmore Saturday and intimated that he was in trouble, but it could not be learned what the trouble was in time for this letter.

The owner of Slate River Mills has put in a machine to crush corn on the cob, and this makes fine food for cattle.

Cattle Inspector Chappel was in this part of the district last week to release some cattle that had been under quarantine.

Free Lance.

Though somewhat behind hand I hope the A. and B. TIMES will accept a word of greeting and congratulations upon past success and good wishes for a prosperous happy New Year.

With the New Year begins the prospect of improvement in our community. Some of the good folks of Buckingham Courthouse set the example of that sort on Thursday night. They appointed a meeting at the home of Mrs. J. B. Nowlin to form a dramatic club, the members of which to devise ways and means to provide an improvement in the form of side walks in the village. A club was formed with Prof. Blankenship, president; Mrs. J. B. Nowlin, vice-president; Miss Alice Pearl Spencer, secretary; and Mr. Allen King Fawcett as treasurer. Their meeting was encouraging and they hope to get to work in the near future. They have good material in their club and we wish them much success.

Miss Elizabeth Gilliam, of Richmond, is on a visit to her father, Mr. J. B. Gilliam. We are sorry to state he continues quite feeble.

Miss Mamie Ellis has returned to her home, Afton, after an extended stay in the South to friends and relatives. She was accompanied by her brother, Prof. Wm. P. Ellis, who is also at home. We regret to learn that he is quite sick.

Mr. Rolfe Eldridge, of West Virginia, has been on a visit to relatives here.

Miss Jean Lighifoot Hall expects to leave for Richmond on a visit in the near future.

North Side of Buckingham.

Misses Ella, Florence and May Morris spent the holidays at home and had quite a jolly house party. Those present were Messrs Joseph Agnue, Louis Baker, Winston Dabney and Bill Bailey. All pronounced Buckingham the garden spot of Virginia, and all promised to return some future day.

Miss E. P. Morris has gone to Danville, and from there she will go to Florida. Before her return in June she will visit Mexico, Cuba, Louisiana and other States.

Misses Mattie and Essie Omohundro visited friends at Greenway last week

Miss Mary Harlan, of Greenway is the guest of Misses Omohundro.

Mr. T. Y. Dunevant who has been sick for some time was taken worse last week, much to the sorrow of his many friends. He is no better at this writing.

Mrs. T. E. Dowdy gave birth to twins on the 10th.

Miss Emma Wright, a charming young lady of Amelia county, is visiting her cousin, Miss Katie Dowdy.

Mr. C. D. McCraw paid a visit to Forida last week.

Our Sunday school is dwindling down. We need some one to push forward. I don't think there is anything that does the young people more good than a good Sunday school. I hope in the future we may have a fine Sunday school.

Arcanum.

Miss Ellen Davis has returned from a long visit to Cumberland county, bringing with her Mr. Eugene Davis and Mr. Toompson, whom Miss E. seems to have captivated beyond recall.

Miss Annie Spencer has gone to Lynchburg to spend a week with her uncle, Mr. Nick Morgan.

Miss Hattie Steger, of West Virginia is still with her mother. Mr. Ellwood Steger and wife, of Unionville, Ky., are expected at his mother's today.

Mr. Arche. Reynolds is very sick, suffering much pain from his old trouble, rheumatism. His son Dick of Pamplin is with him.

Mr. Samuel Booker is building a new dwelling house at his home near here.

George Jones, a worthy colored man, is down with typhoid fever at Mr. Dick Payne's, and no darkey ever got closer attention from physician than he gets from Dr. Mitchell, of Dillwyn. Happy location for both doctor and patient.

Married.

At Rev. Mr. Pasley's on December 29th, 1907, was the se ne of a quiet marriage, when Miss Kathline Bell Motley became the bride of Mr. Waverly Franklin. The bride was clad in a brown traveling suit with hat and gloves to match. Miss Motley is the daughter of Mr. J. H. Motley. The groom is the son of Mr. J. J. Franklin. A bountiful supper was tendered the couple by Mrs. Fannie Richardson, near Prospect. They are now at the home of the groom We wish them a long and useful life.

Omohudro.

Died at her home in Albemarle county, January 11th, Mrs. Fannie Omohndro, wife of T. T. Omohndro. Age 77 years. She leaves an aged husband and six children and many grandchild en to mourn their loss.

She will be sadly missed by all who knew her, but we hope she is at rest. Her six grandsons, Messrs. P. C., H. D., G. T. and A. D. Omohundro and T. C. and C. E. Staples bore the casket to the grave. The funeral services were conducted by the Episcopal minister, Rev. Danby, of whose church she was a member.

Girls who want to take advantage of their leap year privilege should not let up on the man so long as he does not actually run.

The charitable organizations on the Pacific coast report that many native Americans are in need of assistance, but that the Japanese appear to have plenty of money. That is the difference between the two people. The Japanese saves that the American wastes. It is the story of the ant and the grasshopper over again.

Many physicians agree that it is more or less dangerous to stop heavy drinking too abruptly. Anyhow, prohibition is less than two weeks old in Georgia, and already a man in Gainesville reports "an alligator shaped creature, striped with many colors, that fell from the clouds on last Thursday.."

The problem of what to do with ex-Presidents is not half so pressing as that of what to do with the would-be Presidents.

The thing we hate most about this season of the year is the fellow who is always coming in with a lot of statistics to prove that 1907 was or wasn't something more or less than 1906.

When the Hair Falls
Stop it! And why not? Falling hair is a disease, a regular disease; and Ayer's Hair Vigor, as made from our new improved formula, quickly and completely destroys that disease. The hair stops falling out, grows more rapidly, and all dandruff disappears.
Does not change the color of the hair.
Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says
Ayer's
The little book in each package gives the formula of our new Hair Vigor, tells why each ingredient is used, and explains many other interesting things. After reading you will know why this new hair preparation does its work so well.
